There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly upon the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

The Secret of Fine Pastry.

Is wholly in using Dr. Price's Cream Baking Powder. The only pure Cream Tarter Powder sold on the market. Other brands contain either ammonia, alum or some other adulterant. Ammonia or alum powders dry out, make the dough too porous, leaving a bitter taste, etc.

No agency has assisted so much toward perfection in cookery as Price's Cream Baking Powder. Its ingredients are simple and so blended as to exist in exact chemical proportions, so after use there is never any excess of either left in the food. Hence there can be no impurities whatever left in the finished food. No bitter taste, no taint of ammonia, but food raised with Dr. Price's Cream Baking Powder partakes of the natural sweet flavor of the flour and keeps moist and fresh for days. This powder possesses qualities peculiar to it alone. No other makes such delicious pastry. No other contains the white of eggs.
